

36. Well Well, how i'm supposed to solve the puzzle.

36. Maybe try to use the last technique, this line looks like a protuberance system, following a predefined path.

36. Maybe if I break some of them, the intensity will gradually decrease.

37. Very well let me try again.

38. Aaaaa..... something is holding me..... it is progressing 39.

39. It it contisknndfsdfsldkjflmmmMMMmmmm.....*(&^%#\$%^&*

40. What is this crystal look like a slimy, and it is compressive and heavy...

41. Ho noo, i can't fall again, no no no noooooooooo...

41. well..., calm down, at least now i did not pass through the ground, Ji he he...!!!

41. If all is around crystals around this trap, that means the slimy structure is also fragile, I just need to do a small micro movement like before, and will probably...

42. ... break into parts.

43. ...

44. I think I have to do something without touching anything. ... what!!! time is flying, I need to hurry up.

45. what if i try this, i just need to concentrate in the right size

46. ...and bummmmm...

47. Yes, it worked, I think I have to shoot all glowing crystals.... MWa Ha Ha Haaaaaa...

48. Tchi paaa... one more out.

49. ...

50. ...

51. HOoooo, this is the critical point!!! Everything stopped glowing!

52. Ha ha... haaaa, now is time to start cutting the lines, there is no more magic to protect this bomb.

52. Ji he he, i may take my secret weapon...!

53. Have been long time I do not use it, but it's still looking good...

54. Isn't it!!!
